- Global Goals & Sustainable Development
- Climate Change & Renewable Energy
- Private Sector Sustainable Development
- Monitoring & Evaluation (M&E)
- Vocational Training

...we are proud supporters of the UN Global Goals

Welcome to Pynnaacle

PYNNAACLE is a multidisciplinary consultancy company based in the UK. Our business is to provide independent professional consultancy in a variety of fields such as environmental and natural resources, climate change and renewable energy, planning, and international development consulting, construction and infrastructure.

We provide advice and support on a wide range of strategic and site-specific issues, to a diverse and growing base of business, institutional, NGOs, regulatory, and governmental clients while delivering expert advice and project management, monitoring & evaluation services across differing sectors inclusive of climate change and sustainable development initiatives in Africa, renewable & low carbon energy projects, investment initiatives, capacity building, food production & distribution, planning, infrastructure and industrial sectors.

While our main focus region is Sub-Sahara Africa, we have had extensive experience with capital projects in the UK, USA and Europe over the years and are actively growing our international presence through partnering with international organisations specialising in the environment and worldwide consulting in international development.

We operate as a private independent organisation and are not affiliated with contractors, manufacturers or suppliers enabling us to maintain our objectivity and professionalism.

We work hand in hand with our customers to ensure we grow together and create mutual value and believe that Pynnaacle's unique corporate structure enables us to successfully respond to challenges and complete complex turnkey projects successfully and within budget.

Specialised Equipment & Product Supplies

On some projects of a more specialised nature requiring the supply of specialist industrial equipment, this can be undertaken by us after prior consultation with you on your requirements.

Our Objectives

PYNACLE's main objective is for a globally sustainable development in Sub-Saharan Africa that is inclusive and dynamic through partnering and encouraging enterprise, creativity, diversity and to create awareness for and subscribe sustainable solutions to the environmental impact of Climate Change and the eradication of global poverty.

We assist our clients to deliver value-enhancing projects in the field of sustainable development while promoting the company's impartial and professional consultancy services at all times.
